Mayuri Jadhav is a Patent Associate and IP paralegal with StartJuris Partners. As a technical expert, she has years of experience in Intellectual Property domain focusing on Patents, Designs, Copyright, Trademarks and Geographical Indications.

Mayuri has an extensive experience in Patent Searching, Drafting, Filing and Prosecution with Indian & overseas Patent Office. Further, she has assisted in matters related to Design, Copyright Trademark and Geographical Indications which have contributed to strengthening her overall IP expertise.

Mayuri is also expertise in IP Docketing and Filing of all domestic and international IP cases. IP docketing provides crucial and specialized client support, related to the docketing and deadline maintenance of all phases of the domestic and international IP cases from start to end. Being a professional IP paralegal, she is responsible for the integrity of the firm's IP docketing database, which specifically includes maintaining accuracy, completeness and timeliness of the cases as well as distribution of daily reminders for upcoming deadlines in relation to the IP Docketing Database by adhering to the firm's best practice policies.

She further monitors and update information of all domestic and international IP cases in the IP Docketing Database which includes client communications, government notifications, and international agent correspondence. Maintaining current knowledge of IP rules and procedures, for both domestic and international phases and consulting clients on filing strategies along with feasible steps is also a critical responsibility handled by her.
